

Crystal Hope Reed, author of
*“How to Live with a Psychic:
Your Guide for Maintaining a Happy Relationship when Someone You Love Gets Weird”*

BIO:

Crystal Hope Reed has a master's degree in counseling psychology and has spent most of her professional life in the fields of counseling, mental health, and education. She's worked with clients as diverse as gifted students, domestic violence victims, the homeless, people with severe mental illnesses, and individuals and families navigating the psychic awakening process.

Since 2001, Crystal has been living her own advice about "How to Live with a Psychic." When the full extent of Brett's psychic abilities exploded, practically overnight, she wasn't satisfied to just cope with the chaos. Instead, she tapped into her therapeutic background and intuition to figure out how people can turn this challenge into an opportunity for an even stronger relationship and an improved quality of life. And she has finally shared that information with us in the form of her current book.
